ABOUT THE EDUCATIONAL RESOURCES COMMITTEE

Overview and Mission: The mission of the NATA Foundation Educational Resources Committee (ERC) is to provide educational resources to athletic trainers that promote the translation of evidence from clinical research into practice, in order to enhance and/or optimize evidence-based clinical practice in the Athletic Training profession.

Primary Goals and Objectives: The primary objective of the ERC is to develop and/or collaborate on the development of resources that incorporate evidence-based recommendations and guidelines in order to disseminate them to clinicians in a meaningful way. Specific committee goals and objectives include:

1. Develop infographics, articles, and webinars aligned with evidence-based practice to translate clinical research evidence into practice.
2. Develop infographics and webinars to make information in NATA Position Statements more accessible to Athletic Training clinicians
3. Coordinate with NATA Knowledge Initiatives on webinar development on NATA educATe.
